Cambodia is officially known as the Kingdom of Cambodia. It is a country located in the southern portion of the Indochina Peninsula in Southeast Asia. Contemporary Cambodia is the successor state to the mighty Khmer empire, which, during the Angkorian period, ruled much of what is now Laos, Thailand and Vietnam. The remains of this empire can be seen at the fabled temples of Angkor, monuments unrivalled in scale and grandeur in Southeast Asia.

## Itinerary

**【Angkor Thom】** a fortified Royal City (10 square kilometers) built by King Jayavarman VII, who ruled from 1181 to 1201. The city has five monumental gates and is encircled by a moat 100 meters wide. Following Ta Prohm of similar design to the later Jayavarman VII temples of Preah Khan and Banteay Kdei, this quiet, sprawling monastic complex is only partially cleared of jungle overgrowth. Intentionally left partially unrestored, massive fig and silk-cotton trees grow from the towers and corridors offering some of the best 'tree-in-temple' photo opportunities at Angkor.

**【Angkor Wat】** a temple dedicated to the Hindu god Vishnu by King Suryavarman II, who reigned between 1131 and 1150. It was constructed over a period of 30 years and is world famous for its beauty and splendor. Angkor Wat features the longest continuous bas-relief in the world, which runs along the outer gallery walls and narrates stories from Hindu mythology. In 1992 the UNESCO declared the monument and the whole city of Angkor a World Heritage Site.

**【Phnom Bangkeng】** The first temple in the Angkor region built by the Yacovarman I king in the 9th century.
